Block Email/IP Addresses

Block IP Addresses

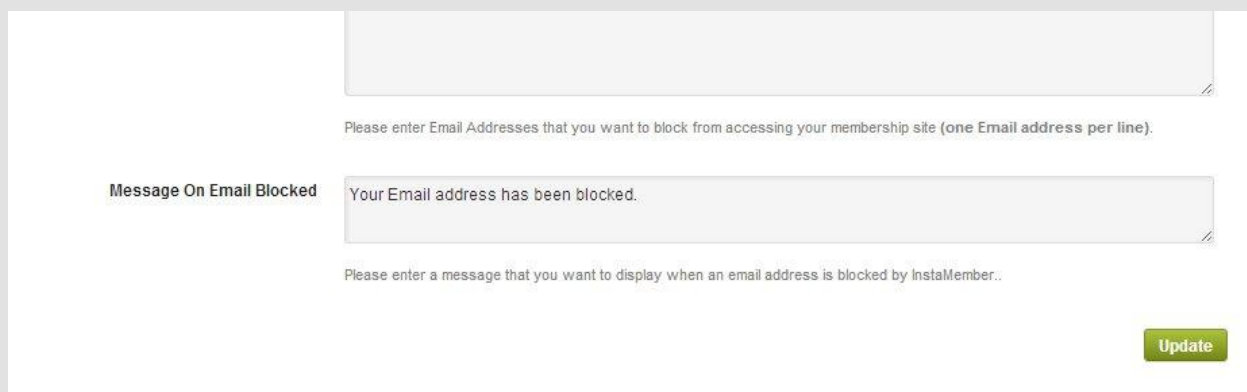

Please enter IP Addresses that you want to block from accessing your membership site (one IP address per line).

Message On IP Blocked

Your IP address has been blocked.

Please enter a message that you want to display when an IP address is blocked by InstaMember..

Block Email Addresses

The screenshot shows a web interface for managing email blocking settings. At the top, there is a large text area for entering email addresses to be blocked, with a placeholder text: "Please enter Email Addresses that you want to block from accessing your membership site (one Email address per line)". Below this, there is a section labeled "Message On Email Blocked" with a text area containing the message "Your Email address has been blocked." and a placeholder text: "Please enter a message that you want to display when an email address is blocked by InstaMember..". A green "Update" button is located at the bottom right of the form.

- **Block IP Addresses** – the textarea is where you will supply the list of IP addresses (one per line) you want to be blocked from the membership site.
 - **Message on IP Blocked** – this field will be supplied by a message that would appear to the user whose IP has been blocked from the membership site.
 - **Block Email Addresses** - the textarea is where you will supply the list of email addresses (one per line) you want to be blocked from the membership site.
 - **Message on Email Blocked** – this field will be supplied by a message that would appear to the user whose email address has been blocked from the membership site.
5. Once done with the settings, click update to save or update the changes you made to this page.
